Hello Marty,

Please see attached for PFAS related SAPs and Final Report. As for the nitrile glove Lot #'s, I would speak to Tim Simpson. I did not order them, I was under the understanding that they were ordered under one of Michael Roberts SF site specific accounts.

All the best!

Nate

When time permits please send me the study plans / reports relating to the PFAS sampling that you completed. Also, are you aware of the Lot #'s for the new vinyl gloves that you ordered recently?

Marty
